

PACKAGE INSERT

For Animal Use Only

PROPRIETARY NAME (AND DOSAGE FORM):

NORCAL LV 100

Reg. No. G 2887 (Act 36/1947)

INDICATIONS:

For the treatment of hypocalcaemia complicated by deficiency of magnesium in cattle, sheep and goats.

STORAGE:

Store below 25 °C. Protect from light.

COMPOSITION:

NORCAL LV 100 is a clear pale-yellow solution containing 4,2 % m/v calcium (equivalent to Ca 4,2 g/100 mℓ), and 0,78 % m/v magnesium (equivalent to Mg 0,78 g/100 mℓ), 7,34 % m/v boric acid and 0,132 % m/v phosphorus.

WARNINGS:

Withdrawal period for meat or milk is nil.

Keep out of reach of children, uninformed persons and animals.

Although this remedy has been extensively tested under a large variety of conditions, failure thereof may ensue as a result of a wide range of reasons. If this is suspected, seek veterinary advice and notify the registration holder.

PRECAUTIONS:

For subcutaneous or slow intravenous injection.

The solution should be warmed to body temperature before administration. Intravenous injections should be given slowly, in order to avoid possible neuromuscular dysfunction and cardiac insufficiency. Normal aseptic procedures should be observed.

Provided these precautions are observed NORCAL LV 100 should be safe for use during pregnancy and lactation.

NORCAL LV 100 does not contain an antimicrobial preservative. Any solution remaining in the vial following withdrawal of the required dose should be discarded.

PACKAGE INSERT
